

NPMA SkillBridge Internship Description

Pest Control Service Technician

Overview: This SkillBridge training opportunity is designed to provide transitioning service members with comprehensive training in the field of pest control service. Participants will gain hands-on experience, technical knowledge, and practical skills required to excel in this industry. This program is an excellent fit for those interested in a rewarding career that involves problem-solving, customer service, and environmental stewardship.

Duration: 8-10 weeks

Locations: Throughout the U.S.

Eligibility

- Active-duty service members within 180 days of separation or retirement.
- Open to all branches of the U.S. military.

What You Will Learn

- *Technical Proficiency:* Develop a strong foundation in pest identification, biology, and behavior.
- *Application Techniques:* Learn safe and effective methods for pest control, including pesticide application, trapping, and exclusion.
- *Regulatory Compliance:* Understand and adhere to local, state, and federal regulations governing pest control operations.
- *Customer Service Skills:* Enhance communication, interpersonal, and conflict resolution skills to provide exceptional service to clients.
- *Safety Protocols:* Master industry-specific safety practices and procedures to ensure a secure work environment for both technicians and clients.
- *Equipment Operation:* Gain proficiency in the use of specialized equipment and technology employed in pest control operations.
- *Business Operations:* Gain understanding of all aspects of the pest control business and team.

Benefits:

- *Mentorship:* Access to experienced pest control technicians, business owners and other military veterans in pest control for guidance and support.
- *Networking:* Opportunities to connect with industry professionals and potential employers.
- *Potential Employment:* Candidates who successfully complete the program may be offered full-time employment with benefits.

This NPMA SkillBridge training opportunity is unpaid and is designed to provide valuable training and experience to transitioning service members. Participants are responsible for their own transportation, housing, and other associated costs.
