

Click [here](#) to download the Military Hiring Program logo that approved NPMA members participating as an internship location may use in company materials. The use of this logo must be accompanied by the following language on any materials:

“(COMPANY) is a proud supporter of military service member transitions to civilian careers by providing training and career development opportunities.”

It is vital to NPMA’s continued partner status that the SkillBridge logo and partnership attribution be used only by NPMA. Companies participating in NPMA’s Military Program are NOT permitted to use the SkillBridge logo, nor reference any direct partnership with SkillBridge (unless your company is an approved direct partner). Thank you for your understanding of this important nuance.
